

Condition Photo & Evidence Guide

Capture useful before-and-after condition evidence so a later question can be answered from clear, dated, item-specific documentation instead of memory.

COMPLETION CHECKLIST

- ☐ Order/listing clearly identified.
- ☐ Wide condition views captured.
- ☐ Wear-prone areas captured.
- ☐ Existing wear documented.
- ☐ Accessories represented where useful.
- ☐ Comparable return views captured.
- ☐ Exceptions receive context + close-up photos.
- ☐ Original files retained.
- ☐ Evidence is not mixed across orders.
