

Quantities, Variants, Lead Time & Turnaround

Keep stock and scheduling realistic when the same rental has multiple configurations or needs preparation time between orders.

COMPLETION CHECKLIST

- ☐ Physical stock counted.
- ☐ Committed stock removed from availability.
- ☐ Configurations tracked separately where necessary.
- ☐ Lead time reflects real preparation work.
- ☐ Return/inspection buffer protects the next booking.
- ☐ Maintenance items are unavailable.
- ☐ PartyShare quantity reflects fulfillable stock.
